FREE PARKING

In an effort to provide free parking to our patients, we have purchased four parallel parking spaces in the alley behind our building.

Directions to Free Parking Spots

If You Are Traveling West on Washington Street

- Drive past the Shell gas station at the intersection of Fourth and Washington Street.
- Turn right into the alley between the Shell gas station and the Hollywood Video store.
- As you proceed down the alley, you will parallel parking spaces on your right. These spaces are just before you would reach the back of our building.

If You Are Traveling East on Washington Street

- Make a u-turn at the stop light at Fourth and Washington Street.
- Follow the directions at left.

Four of the parallel parking spaces will have signs on the concrete wall that say:

RESERVED FOR SUITE 540

Park in any one of the open spaces. As you step out of your car, our building will be on your right.

When exiting your parking space, proceed through the alley in the opposite direction from which you entered. Make a right turn on Lewis and circle back in front of our building (and across from the main entrance to Scripps-Mercy Hospital) and drive straight to Fourth Street.

There will be times when all spaces are filled. When this occurs, you should park in the parking garage adjacent to our building. We will validate your ticket as proof you were in the building to receive a discounted hourly parking rate.

As a courtesy to all patients, please use the parking spaces only while visiting our office.
